OPTIMIZING MANUFACTURING

RMCship—Integration with UPS WorldShip and FedEx Ship Manager

Overview

RMCship provides complete one- or two-way communication between Baan/Infor LN and UPS WorldShip or FedEx Ship Manager. The solution provides more complete shipping and freight information.

Features and Options

- > Interface to Sales Orders by optionally inserting a freight line.
- > Updates for freight amount, freight type, quantity shipped, tracking ID, etc...
- > Exception reporting to identify and correct potential issues immediately.
- > Extensive historical tracking.
- > Option to configure sales order(s) into shipping cartons (Compose and Confirm Shipments) and Pallet Assignment.
